

Cuddly as a Cloud Crochet Cardigan

The Cuddly as a Cloud Crochet Cardigan is a cozy chunky ribbed crochet sweater. It's as soft and as cuddly as the name implies.

The crochet cardigan is worked from the side across in simple half-double crochet stitches in the front loops only, making it a great beginner sweater pattern. The front and back are worked as one piece, and the sleeves are worked separately and seamed to the cardigan. You can easily modify the length by adjusting the starting chain.

Construction

The Cardigan is worked from the side across. Front and Back panels are worked as one piece. The sleeves and pockets are worked from the side across separately and then seamed to the garment. The pattern is written for the smallest size with larger sizes in parenthesis (). The starting chain is not included as a stitch. If there is only 1 number, it applies to all sizes. Child and Adult patterns are written separately. Complete each step in order. Stitch markers are added throughout the pattern to assist in seaming.

Seam Pockets to each front panel next to the collar seam and approximately 1" from the bottom edge. The unfinished edge is the top of the pocket and is left open. Weave in ends. Add a personalized garment tag to finish your piece.

Lightly steam to finish and prevent the collar from curling. Steam a few inches away from the fabric so that you don't melt the acrylic.
